

# ARTWORK REQUIREMENTS FOR FEATHER, TEARDROP AND BLADE FLAGS

If you are not familiar with the production of artwork, please don't panic as we do have an in house service that can provide this service for you. Depending on the size of order, this can be FOC and if not our charges are only £20. If you would like to complete your own artwork here are some guidelines.

1. Artwork should be a minimum of 150DPI full scale.
  2. Colour palettes should be CMYK.
  3. The use of our templates is recommended to ensure that the correct bleed and margins are used.
  4. It is advisable to keep 50mm clear at the bottom and on the right hand side for the hem. Artwork in this area may become folded over.
  5. Make sure all fonts are converted and embed all fonts when saving a PDF.
  6. All text should be over 12pt.
  7. Check that artwork is not set for over print.
  8. Ensure that your file is saved as an un-editable file before sending to us.
- Should you have any issues in creating your feather flag artwork please give us a call and ask for the design team.
